The Speaker in You: Make the real you shine

Presented by Marcia Green, President, Green HR Consulting, Inc.

For most of us, public speaking is a daunting challenge. A person's ability to communicate effectively continues to be rooted in their public speaking skills. It takes confidence to deliver an effective message with clarity and impact.

Having taught Dale Carnegie, Marcia will share concepts and techniques to help you master the art of public speaking. She will discuss how to overcome the fears associated with speaking in front of any size group and help us get our ideas across with poise and enthusiasm.

Marcia earned a BA in Business Management and an MA in Organizational Management. She is an approved candidate for District V Vice President and a 2017 Top Ten Business Woman of ABWA.

The mission of the American Business Women's Association is to bring together businesswomen of diverse occupations and to provide opportunities for them to help themselves and others grow personally and professionally through leadership, education, networking, support and national recognition.
